

## Lisette Plouvier

Associate Architect

With Mecanoo since 2022

**Professional qualifications** Master of Architecture, Amsterdam Academy of Architecture (cum laude); Master Interior architecture, PXL University of Applied Sciences and Arts, Hasselt, Belgium (cum laude); Registered with the Bureau Architectenregister (NL)

*“For me, exterior and interior are inseparable and thus enhance the experience of my architecture”*

Lisette graduated cum laude both as an architect and as an interior architect. She worked at Atelier Pro and De Zwarte Hond before founding Studio Ip in 2018. In 2022 she joined Mecanoo. The perception of space and the atmosphere are central to Lisette's work. Thanks to her combined background in interior design and architecture, these two facets are inseparable. The interior makes the architecture and vice versa. Basic principles in her work are: how do I make it beautiful for people and the environment, how do I make it smart, what makes the client and the end user happier? Lisette's strength lies in her creativity, enthusiasm and team work.

Lisette designs building and interior and bears responsibility from tender to aftercare. In addition to her ongoing projects, Lisette develops concepts and visions for tenders. Lisette has taught/teaches at the Amsterdam Academy of Architecture, the Faculty of Architecture and the Built Environment of the Delft University of Technology and at the Amsterdam University of Applied Sciences.
